

Integrate Blackboard® with Cengage to let instructors and students access Cengage content and activities directly from Blackboard and return Cengage grades to the Blackboard gradebook.

**NOTE** The following instructions are for Blackboard Partner Cloud.

## SITE CONFIGURATION INFO

Before setting up Cengage integration with Blackboard, contact your Cengage learning consultant to request configuration details for your institution.

This information is emailed to you and includes the following items:

For configuration through Blackboard Partner Cloud, only the registration key is needed.

### Registration Key

Example: NcvGx2R+ExAmp13+kEY+gMTQI5eQxMWr

## REGISTER THE CENGAGE TOOL

To enable Cengage and Blackboard integration, you must configure and register the Cengage tool for your site.

1. Sign in to Blackboard as an administrator.
2. Open the admin panel.
3. Under Partner Cloud Settings, locate the Cengage tool.
4. Go to Settings.
5. Set the following options:

Option	Value
Do you want to share information with Cengage?	Yes
User Fields to Send	Role in Course Name Email Address
Allow Grade Service Access	Yes
Allow Membership Service Access	<i>unused</i>

6. Click **Submit**.

**NOTE** Click **Submit** even if you did not change any options.

7. Click **Register with Tool Provider**.
8. Enter the registration key you received.

A message indicates that the Cengage tool was registered successfully.
